ELECTORAL MALPRACTICE

ELECTORAL OFFICIALS

Electoral malpractice includes, but is not limited to, the following activities:

Making false or misleading claims intended to influence the election Bribery · Intimidation · Distributing physical campaign material Making slanderous or libellous statements about a candidate Using a vehicle to convey members to the Poll · Campaigning using any University e-mail system · Creating websites or promotional videos · Claiming to represent or be supported by any political, racial or religious group · Candidates marking manifesto booklets Hindering the Returning Officer or their Deputies · Unauthorised access or attempted access to another's personal electronic files

> To see a complete list, please consult Rule 33, www.oxford-union.org or the Returning Officer.

Any breach of this rule or complaint regarding the conduct of a candidate in the election should be reported to the Returning Officer, at the Oxford Union.

OXFORD UNION ELECTIONS

Poll Date: Friday, 14th June 2019

Where to Vote

Polling takes place in the Union's Goodman Library (the room on the ground floor, next to the marble staircase), from 9.30am to 8.30pm precisely. You must bring your membership card so as to assist the Poll Clerks.

How to Vote

For each post, simply number your preferences against each candidate from 1, 2, 3, 4, and so on until you have finished expressing your preferences between the candidates. Expressing later preferences in no way harms your earlier preferences.

FOR EXAMPLE:

CANDIDATES' CLAIMS IN MANIFESTOS

allowing members to judge the relative merits of manifestos

The Returning Officer has ensured to the best of their ability that all claims made in manifestos are true; they advise, however, that Members acquaint themselves with the commonly used terms below in order that they are not misled. Members may wish to consider other similar words used as holding the same meanings and draw inferences from the fact that a candidate has been unable to make the most substantial kinds of claims.

Stronger claims

Raised / Secured - the candidate must prove primary responsibility for the production or negotiation of a contractual arrangement, to claim to have raised/secured funds or partnerships. Brought – the candidate must prove that a speaker visited the Society as a direct result of their

Confirmed - the candidate must prove primary responsibility for a speaker accepting an invitation to visit on a mutually agreed date, or the candidate has drawn up an as yet unsigned contract, following agreement from involved parties on its contents, which is set to be signed

Organised – the candidate must prove their primary control of an event, its inception and its development. Where primary control is shared comparably with another member, co-organised shall be used.

Responsible for / Led / Ran - the candidate must prove primary responsibility for the content of claim.

Arranged – the candidate must prove a substantial degree of control of an event and its development, but not the contribution to inception that any organised claim requires.

Negotiating – the candidate must prove primary responsibility for an ongoing negotiation, clear interest in response to their proposition, and further progress from this towards a confirmed claim since then.

Weaker Claims

Assisted / Helped to - modifiers used where there is sufficient proof that a candidate contributed substantively, but insufficient to prove that they have the necessary level of contribution or control for the stronger claim.

Interest from – where there is insufficient evidence for a stronger negotiating claim, but there has been clear interest received to their invitation or proposition.

Invited / Contacted – proof has been provided.

Supervised / Oversaw / Co-ordinated - proof has been provided for a lower level of involvement in an event or project suitable for these claims.

Facilitated / Assisted / Worked - proof has been provided that a candidate contributed significantly to an event, usually but not necessarily the logistics or hospitality.

Weaker claims will be used often in manifestos even by good candidates: usually only candidates for Office will be able regularly to make "stronger claims". The distinction is nonetheless worth making.

Candidates' own spelling, punctuation, and grammar have not been corrected in manifestos.
